Pathways to **POSSIBILITIES**

Presented by the

DIOCESE OF NASHVILLE
MOST REVEREND J. MARK SPALDING
BISHOP OF NASHVILLE

Many of Catholic Charities' most critical services are primarily funded by generous donations from individuals and organizations throughout our region. Your **Pathways to Possibilities** backing allows us to rehouse and support **families experiencing homelessness**, provide counsel and support to **women experiencing a crisis pregnancy**, assist **seniors desiring to age in place** but needing help to do so, teach coping skills to **people of all ages dealing with life's daily challenges**, and welcomingly serve warm and nutritious meals to **our neighbors living on the street**.

Pathways to Possibilities allows us to connect with friends old and new over a simple meal, explain how we help our neighbors in need, and, humbly, ask for financial support so that we can continue to serve in these, and so many other, critical ways.

Please join us as a Pathways to Possibilities sponsor! With your support, we can continue to make amazing differences in the lives of those most in need.
